

DETERMINATION OF NONSIGNIFICANCE

**Description of proposal**

The Department of Ecology (Ecology) proposes updating the Oil Spill Contingency Plan rule, Chapter 173-182 WAC to address the emergency rule changes adopted on December 13, 2013. These proposed changes include:

- Updating the definition of plan holder to include all persons listed in RCW 88.46.060.
- Updating the definition of "umbrella plan" and ensure the term is used only when referring to non-profit corporations.
- Ensuring that owner/operators, if operating under a plan that covers multiple parties, are not required to comply with provisions of the rule that apply specifically to "plan holders."

**Proponent:** Washington State Department of Ecology, Spill Prevention, Preparedness and Response Program

**Location of proposal, including street address, if any:** Not applicable. This rule applies statewide

**Lead agency:** Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
